ABOUT US

A Montessori school built around how children actually learn

A unit of Ideal Play Abacus Pvt. Ltd., Arka Kids is led by experienced edupreneurs and built on its own in-house syllabus. Small class sizes, qualified staff and morning sessions through term time, with flexible extended care.

01

Follow the child

Teachers observe first and plan second. Work is offered when a child is ready for it, not because a syllabus says this is the week.

02

Mixed-age groups

Younger children learn by watching older ones. Older children consolidate what they know by explaining it.

03

Our own books and materials

Textbooks, worksheets, activity books and learning aids are developed in-house by our academic team.

04

Parents in the loop

Observation notes, photographs and termly meetings, so you hear about progress in specifics rather than in grades.

Four ways to grow with us

Three preschool years that build on each other, plus a Montessori training course for adults who want to teach. Daycare is available at most centres.

AGES 1.5 TO 2.5

Toddler

Sensory play, circle time and a gentle first separation from home. Small groups and steady routines so the day is predictable.

AGES 2.5 TO 3.5

Nursery

Phonics, early numbers and storytelling, built around play and plenty of outdoor and sand time.

AGES 3.5 TO 6

Kindergarten

Junior and Senior KG. Reading, writing and number sense alongside confidence, group games and field trips.

FOR ADULTS

Montessori Teachers' Training

Certification with international-standard modules, supervised classroom practice, child psychology and career support.

Daycare that follows the school day

Extended hours at most centres, with rest time, a snack and quiet activities rather than a screen.

A day in a Montessori classroom

8.45 am

Arrival and settling in

Shoes away, name card on the board, a few minutes to greet friends before work begins.

9.00 am

Montessori work cycle

An uninterrupted stretch where children choose their own materials. Teachers observe and give individual lessons.

10.30 am

Snack and washing up

Children serve themselves, wipe the table and stack their own plate.

11.00 am

Outdoor and sand play

Gross motor work, water play and garden time, weather permitting.

11.45 am

Circle time

Songs, a story and the day's news, sitting together as one group.

12.15 pm

Departure or daycare

Pick-up at the gate, or lunch and rest time for children staying on.

Eleven centres, one way of teaching

Nine across Chennai, plus Shikaripur and Thanjavur. Every centre runs the same programs, and daycare is available at most of them.

01

Enquire

Send the form or call us. We will ask your child's age and the centre nearest you, and call back within one working day.

02

Visit a centre

Come on a weekday morning while the work cycle is running. Meet the lead teacher and bring your child along.

03

Apply

Fill in the application form at the centre with the documents it asks for. The centre confirms the seat and shares the fee details.

04

Settle in

Short first days that lengthen as your child is ready, with a note home every day for the first month.

VISITS ARE FREE

Come and see a classroom

Visits run on weekday mornings while the work cycle is on. Tell us a little about your child, and we will call you back with a time.
